Payroll

Employees of the RE-4 School District are paid on the first business day of each month. Salary increases are determined by the board of education during the budget process in the spring of each year. An employee must work at least one full semester, or 90 consecutive days, in order to earn any approved salary step. Certified employees have the opportunity to earn a salary increase for furthering their education. Please refer to board policy GCIE Professional Improvement for details.

I-Visions---Employee Services Portal

Pay stubs are available electronically through the I-Visions Employee Portal on the district website under the Staff tab. Once your employee email has been set up, you will have access to the portal. User name and password is authenticated using active directory and will be the same for your email account, I-Visions, and district log-in. The portal contains your pay stubs, pay history, attendance and leave balances, withholding forms and a host of other employee driven data. Leave balances are updated in I-Visions no later than 24 hours after the leave was used.

Absence Management---Employee Leave System

The district uses *Absence Management* for employee leave tracking. If you are going to be absent from work for any reason you can log into the system via our website under the Staff Resources tab or call Absence Management at 1-800-942-3767 and record your absence. The system will generate a substitute if required for your position. Please log absences as soon as you know of them in order to secure substitutes as needed. Leave time is subject to your supervisor's approval. You will receive an email from the *Absence Management* system with your login and pin information. If you do not receive this email, please contact Employee Services at 970-686-8017. Please note that it is the employee's responsibility to track their leave usage to avoid over use. If you have exhausted all your leave, you must complete a leave exception form to request leave without pay, which is subject to Superintendent approval.

Leave Policies

Certified leave policies can be found in the GCC section of board policies. Please review these policies to ensure you understand the amount of leave granted each year. The district also offers a sick leave bank which is described in policy GBM. Please note that the sick leave bank can only be used for serious health conditions, and must be approved in advance by the Superintendent. The bank was not established to allow employees to be paid for sick days once they have exhausted all of their own sick leave. Therefore, only request the use of sick leave bank for serious health conditions. Requests for sick leave bank usage should be requested prior to the absence. Sick leave bank will be granted upon the date of final approval, and will not be granted retroactively.

Overtime and Compensatory Time

The U.S. Department of Labor's Fair Labor Standards Act (FLSA) defines certified employees as exempt.

Exempt:

Exempt employees are not subject to minimum wage and overtime provisions of the FLSA. Exempt employees have a fixed salary and do not receive additional compensation for additional hours worked beyond their scheduled hours. Exempt employees will not earn overtime or compensatory time.

Work Calendars

Once the school calendar and the budget for the next school year have been finalized, work calendars will be created. Work calendars are laid out by employee contact days. Each calendar represents a different group of positions/days and the calendar type is listed at the top of each calendar. Employees can refer to their Notice of Personnel Action form to see how many days they are required to work. The work calendars are available on the district website under the District/Calendar tab.

Workman's Compensation
