

Parent Refusal Form

Dear Parent or Guardian,

It is our understanding that you wish to decline additional support for your child. As you know, your student did not meet grade level expectations as determined by assessments from his/her class work. The test scores indicate that your child has a gap in their achievement when compared to others at the same age.

It is our obligation and desire to provide an education for your student that will help him/her close this gap in achievement. We have identified your student's needs and understand that it is crucial to provide supplemental intervention for struggling learners in a timely manner.

By signing this form, you are refusing your child the opportunity to have access to additional support. We respect your rights as a parent and want to be certain that you understand the implications this decision may have on your child's future.

We have been informed that our child _____ is eligible for additional support for the 2012-2013 school year. At this time, we are declining these services for our student. We understand that if we elect in the future to access these services, we need to notify the school's principal to determine if our student is still eligible.
